...NEW and RARE PLANTS...

ASPARAGUS SPRENGERI—NEW.

ASPARAGUS SPRENGERI (NEW)

One of the best new plants introduced within ten years. Sprays 4 to 5 feet long, drooping from a pot or basket; of fresh green feathery foliage. Useful for bouquets, wreaths or sprays; remaining perfect for weeks after cutting. Grows freely the whole year round. Extremely valuable for all purposes. Grows readily from seed.

Seed, per packet 10c.; Strong plants 15c., 25c. and 50c.
Hanging Baskets \$1.50 and \$2.00 each.

LEAVES OF ABUTILON SAVITSI.

ABUTILON SAVITSI

A novelty of sterling merit. More than half of the leaf is white, and in some cases a great many leaves are almost pure white. The white is also very clear and pure and not a yellowish green. It is a very compact grower and one of the most beautiful variegated plants. It thrives out of doors in summer and retains

its beautiful variegation in the hottest sun. And for a border plant we know of no other which will make the show and do so well as Savitsi. 15c. each.

NEW BEGONIA GLORIE DE LORRAINE

This is undoubtedly the greatest gem in Flowering Begonias yet introduced. It grows from 12 to 15 inches high, forming naturally graceful, bushy specimens, which, from October to April, are completely smothered with soft rosy pink flowers, and is a plant that is destined to become very popular. Nice young plants. Each 30c.

BEGONIA, GLORIE DE LORRAINE.

NEW PINK CARNATION

Mrs. Thomas W. Lawson.—This is the sensational "Lawson Pink," for the original stock of which thirty thousand dollars (\$30,000) was paid a year ago. It has been fully described in many new-papers throughout the country, and is without doubt the largest dark pink Carnation at the present time. Each 20c.

COLEUS HYBRIDUS REGALIS.

COLEUS—NEW REGAL

Vigorous and grows to an unusually large size; colors and markings regally rich and brilliant. 15c.

CHENILLE PLANT (ACLYPHA SANDERI).

CHENILLE PLANT

This is no doubt the most attractive novelty introduced for years. Specimen plants on exhibition at the Toronto Industrial Fair last season attracted more attention than any other plants in the building. A well-grown specimen will produce flower spikes over two feet long, resembling beautiful ropes of velvety crimson. The plants grow very rapidly, and commence to throw out the chenille-like blooms when quite small. They need good soil. 15c. each.

Hardy Rambler Roses

EXTRA STRONG, TWO-YEAR OLD BUSHES.

Crimson Rambler.—This wonderful Japan Rose has naturally attained great popularity within the past two years. Entirely hardy, of vigorous habit and rapid growth. Flowers bright crimson; its profusion of bloom is simply astonishing; charming as a pot plant. For covering buildings, trellises, etc., it cannot be excelled. Each 25c.

Pink Rambler.—What is said of Crimson Rambler applies equally to this, except the color of the flowers are pure shiny rose, the partially open buds being bright light carmine, a pleasing contrast. Each 30c.

White Rambler.—Identical with Crimson Rambler. Flowers pure snow-white and sweetly scented. Each 25c.

Yellow Rambler.—The only yellow climbing rose possessing any considerable degree of hardiness. Flowers clear, decided yellow, of good size, borne in huge clusters and very sweetly scented. Growth very vigorous and the bloom excessively profuse. Each 35c.

Set of 4 Extra Strong Rambler Roses for \$1.

CRIMSON RAMBLER

In Tree Form.

We have a limited number of these very beautiful and popular Roses in Tree Form. They are fully 5 ft. high, are well branched, and very strong and vigorous. Roses in this form make a splendid show at once.

Price, \$1.00 Each.

NEW ROSE "LIBERTY"

Undoubtedly the finest crimson Rose of modern times, and a grand addition to the Hybrid Tea class. In color it is a warm, rich crimson-scarlet, and surpasses its rival—the well-known Meteor—in abundance of bloom, size and color, never showing the slightest tendency to blacken, which is so characteristic of Meteor, and most of all by its exquisite fragrance, a quality altogether wanting in Meteor. The habit of the plant is simply perfection, throwing up strong, stout stems from the base. A great future is predicted for this famous rose, as it is such a marvellous bloomer.

Young Plants, Each 50 cts.

NEW WEEPING LANTANA.

NEW WEEPING LANTANA

Rapid growing plant, of graceful, drooping habit, producing clusters of flowers at the base of each leaf. The flowers are a most delicate shade of rosy lilac, appearing in great abundance. Unsurpassed for filling vases and baskets, whether used alone or with other plants. 10c., 3 for 25c.

JAPANESE FERN BALL.—IN LEAF.

JAPANESE FERN BALLS

(Davallia Bullata.)

A variety from Japan, with deep green fronds 8 to 10 inches long; these are made up by the Japanese into balls, wreaths, etc., and may be suspended from the roof of the conservatory or window garden. Most artistic in appearance. 50c. and 75c. each.

NOVELTIES and SPECIALTIES in Flower Seeds

New "Christmas Tree" Aster

By far the most free-flowering class of Asters yet introduced, and quite different in habit from all other varieties of Asters. The plant grows about 15 inches in height, branching out freely and regularly, lower branches are the longest, and measure from tip to tip 20 to 24 inches; resembles a Christmas Tree, which suggests its name. The flowers are of medium size, perfectly double, and finely imbricated. As many as 80 and 100 flowers have been counted on a single plant. In mixed colors.

Per pkt. 15c., two pkts. 25c., five pkts. for 50c.

Aster Hohenzollern. The largest flowering Aster in existence up to now! The flowers, which attain 8 inches in diameter, resemble the Japanese Chrysanthemum, and are of unsurpassed beauty. This variety is one of the finest and most valuable for cut flowers, the stems growing often from 16 to 20 inches in length. In two colors—snow white and bright rose.

Each per pkt. 25c.

New "Ostrich Feather" Aster

A new strain of Asters, remarkable for their great beauty and value both for garden decorations or for growing for cut bloom. The plants grow from 15 to 18 inches high, and of a very strong luxurious branching habit. The flowers measure from 4 to 5 inches in diameter, borne on long stems. It is without doubt a valuable addition. We offer it in mixed colors.

Per pkt. 15c., two pkts. 25c., five pkts. 50c.

Ostrich Feather Pure White. Price 10c. per pkt.

Giant Snow-white Victoria Aster. The Victoria Asters have long held a leading place among asters, their free growth and perfect-formed flowers being much prized both for bedding and cut flowers. This new variety is the first of a giant type to be offered, and is said to bear flowers averaging 5 inches across, of a pure snow white. Per pkt. 15c., five pkts. for 50c.

DAYBREAK. This beautiful Aster, which was introduced to the public three years ago, has proved itself worthy of the very wide and flattering reception it has met with everywhere. It is one of those rare gems that

have come to stay; no private garden is complete without it, and for florists' use it is simply unsurpassed. The flowers are round as a ball, very large and full, on long stems; the color a charming sea-shell pink; the plant flowers very early and is a continuous free bloomer, a compact strong grower, and in all respects a desirable acquisition. Packet 10c., three for 25c.

Centaurea Imperialis

New large flowering hybrids. The flowers are of the same graceful form as the *C. Margaritæ*, but of nearly double the size, and are borne on long stems in enormous abundance from July until frost, and are highly fragrant. If cut when partially open they will keep for ten days. For beds or mixed borders they rank with the finest annuals, while as cut flowers they are sure to become popular.

Mixed colors per pkt. 10c. White per pkt. 10c.

NEW GIANT WHITE CENTAUREA

Centaurea Americana Alba.

The stems shoot up from one to three feet, sturdy and strong, branching near the ends, and every branch bearing a bloom. The color is almost pure white. It is an excellent plant for cut flowers, the flowers lasting several days when cut and the stalks being long and wiry. Pkt. 10c.

MARGUERITE CARNATION

Giant White Perfection. The largest and most perfect of all Marguerite Carnations. Very double, and comes true from seed. The seed we offer is very fine, producing almost entirely double flowers. Pkt. 25c.

Giant Improved Marguerite Carnations. All colors mixed. The most perfect and largest of existing Marguerites. Very double and extra fine. In colors like the above. Comes into flower same season seed is sown. Per pkt. 20c.

Helianthus Cucumerifolius Grandiflorus

The new varieties of the popular single-flowering *Helianthus Cucumerifolius*—the Miniature Sunflower—with semi-double and double flowers measuring three inches across, are of golden yellow color, flat, vaulted and bordered, with partly ruffled and partly smooth petals. They come over 60 per cent. true from seed, and yield excellent material for cutting. We offer ten distinct varieties, separate or mixed, including *Stella*, at 15c. per pkt.

NEW CLIMBING DOLICHOS

"DAYLIGHT."

This grand climber is most desirable both for its beautiful flowers and dense growth of foliage. The vines are very vigorous and of quick growth, well set with large and luxuriant dark-green leaves. The vines quickly grow to a height of eight to ten feet, and blossom profusely from base to summit, the large spikes of pure white flowers standing out boldly from the rich green foliage. As the flowers drop from the long spikes they are succeeded by broad, velvety, showy white pods, which retain their purity and freshness of color a long time before drying up. The vines are hardy and the seeds may be planted one inch deep in rich soil as soon as the trees are well out in leaf. Pkt. 10c., oz. 25c.

GIANT SHOW PANSY.

GIANT PARIS PANSY. Extra large spotted Pansies, from Paris, France, said to be the largest of all the Giant strain. Per pkt. 25c.

"MASTERPIECE" PANSY

This strain represents really the highest perfection of Giant Pansies, and for this reason was named "Masterpiece." The growth of the plants is strong and bushy, lasting well in the warm, dry summer weather. Flowers of enormous size, borne above foliage on strong stems. Perfectly round in form, and the richest combination of colors. Per pkt. 25c.

Fringed Ruffled Giant Petunias

This new strain originated with the famous specialist in California, who, some years ago sent out the California Giant and Ruffled Giant strains. It differs from the latter in having, in addition to the ruffling, a very fine fringed edging, making a very handsome flower. In size and coloring this new strain is equal to the finest now in commerce, and must be regarded as a decided advance in this important flower. 25c. per pkt.

..Grand New White Sweet Pea..

SADIE BURPEE (Eckford's). Flowers are of the very largest size and purest snowy white. The difference from *Blanche Burpee* is chiefly shown in the taller standard, which is also more pronounced in its hooded character. The large flowers come in threes at the summit of a stiff stem and are of firm substance, lasting well when cut. It is the finest as well as the largest pure white for cut flowers and exhibition purposes. Mr. Eckford is fully justified in his claim that this is *absolutely the largest and grandest white sweet pea ever introduced.* Pkt. 5c., oz. 15c., 1-4 lb. 25c.

New and Choice Vegetable Seeds

For 1901

NEW WHITE BUSH BEAN

The Prize Winner.

Mr. A. I. Root, the man who introduced Grand Rapids Lettuce and Ignatum Tomato, has the following to say about this new Bean: "During the past season we grew *two crops* (ripe and dry) of these on the same ground. Quality and yield were both ahead of any white beans we know of." This new Bean is well worthy of a trial, as it is said to ripen earlier than any other white seeded wax Bean. Per pkt. 10c., lb. 30c.

NEW EARLY SUGAR CORN

Kendel's Early Giant.

This extra early variety of Sweet Corn is of recent introduction, and is a good variety. The ears grow extremely large for such an early ripener, often measuring 8 to 10 inches in length. Grains pure white and very sweet and tender. Ready for use in sixty to seventy days after planting. Pkt. 10c., postpaid; pint. 20c., qt. 30c., four qts. 75c., peck \$1.25. *If by mail add five cents per pint or ten cents per quart.*

HENDERSON'S "EARLY SPRING" CABBAGE

Mr. Henderson claims that this is *the only extra early round flat-headed Cabbage in the world!*—coming in with the Wakefield, and yielding *one-third more than any other Extra Early.* This variety is of the Early Summer type, but about one-fifth smaller, and has only four to five outside leaves, and these so small that it may be planted twenty-one inches apart, 13,500 to the acre. 10c. per pkt., 50c. per oz. The seed we offer is direct from the originator; we can supply a European seed of "Early Spring" Cabbage for half the price.

AUSTRALIAN BROWN ONION

This Onion is of recent introduction, and its extraordinary keeping qualities have made it a favorite variety with those who have planted it. The bulbs grow to a good marketable size and are very hard and solid. They ripen earlier than either Yellow Danvers or Red Wethersfield, are beautiful brown color and mild flavor. A good thing in their favor is the fact that crop runs uniform in size and shape; nearly every plant produces a fine Onion. Pkt. 10c., oz. 15c., 1-4 lb. 50c., lb. \$1.50, postpaid.

NEW EARLY SPRING CABBAGE.

...NEW CAULIFLOWER...

“MATTITUCK ERFURT.”

The originator of this very superior strain of Cauliflower has this to say in regard to it:

“I am sending you 1 lb. of Cauliflower seed, and am willing to wager my reputation as a Cauliflower seed grower that it is the very best pound of Cauliflower seed in the market to-day. Every seed with good care will make a head. Six heads trimmed ready for market brought the scales down at 60 lbs. You can recommend the seed with perfect confidence. It heads with Snowball, but is much larger. The first ounce of this seed was sold by the originator for \$8.00.” We are able to supply only a limited quantity, but can give you a trial packet for 25c. If you grow Cauliflower it will pay you to try some of this seed. We hope to be able to supply in larger quantities another year.

PAUL ROSE MELON.

Paul Rose, or Petoskey Musk Melon

It is a cross of the Osage with Netted Gem, and combines the sweetness of the former with the fine gray of the Gem, making it a very handsome Melon. The fruit grows uniform in shape and size, the average diameter being about 5 inches; flesh very thick, firm and beautiful; deep salmon or orange color; deliciously sweet and melting.

Pkt. 10c., oz. 20c., 1-4 lb. 40c., lb. \$1.00.

Livingston's Magnus Tomato

This distinct new Tomato was first offered to the public last season. It is of the same color as the Acme, being a glossy red, but grows thicker and more solid than that variety, and is in every way a more desirable Tomato. It is medium early, perfect form, grows large and attractive, and must please all who grow it. The Tomatoes are very deep from stem to blossom end, some growing almost globe shape. It ripens evenly, does not crack about the stem, and the flavor is all that could be desired. Our Magnus seed comes direct from the originator. Pkt. 10c., 1-2 oz. 30c., oz. 50c.

GRAINGER'S.... VEGETABLE SEEDS

..... RELIABLE

WE are taking extraordinary pains with our stocks of Vegetable Seeds this year, and our customers can depend on our supplying only the very best quality of fresh seeds. We are determined to buy the very best we can get, even if we have to pay more, and charge a little more, for we find that cheap seeds don't pay, and the dearest is often cheapest in the end.

While we exercise the greatest care to have all seeds pure and reliable, we do not give any warranty, expressed or implied, and will not be in any way responsible for the crop, nor for any loss or damage arising from any failure thereof in any respect. If the purchaser does not accept the seeds on these terms and conditions, they must be returned at once, and the money that has been paid for same will be refunded.

NASTURTIIUMS

Were we asked to name the three most popular flowers that are grown from seed, we should answer unhesitatingly, NASTURTIIUMS, PANSIES, and SWEET PEAS. Few flowers impart such rich "bits of beauty" to the garden as the different types of NASTURTIIUMS. In addition to their use in the garden and on trellises, we would recommend planting the seed freely along fences, hedges, and walks, or wherever it is desired to have bright colors. *You can not have too many Nasturtiums!*

PANSY

We call special attention to our EXHIBITION STRAIN OF PANSIES. This strain embraces not only the enormous blooms of the most perfect shapes peculiar to the new Giant Types, but also the richest, rarest, and most varied colors found in the FANCY STRAINS. We have taken special pains in making up this unrivalled mixture, and we do not believe a better strain can be produced in this or any other country.

PETUNIA

We have long been celebrated for our magnificent strains of both the single and double varieties, which we endeavor to improve each year by careful selection. We have tested samples received from the leading Petunia specialists, and can safely say that *our own strain is the best that can be procured from any source.*

DOUBLE VARIETIES

NOTE.—It is well known that seed saved from the most carefully hybridized flowers produces but a small percentage of double flowers, the balance being singles of unusually fine quality. The weaker seedlings should be carefully saved, as these invariably produce the finest double flowers.

ROSES

Our list of Roses, though not as extensive as that of some others, has been selected with great care, and we think that our customers will find that the selection offered below is the cream of the old and recently introduced varieties. The plants we offer are strong and healthy, and much larger and better than those usually sent out for the price.

Twelve Select Ever-Blooming Tea Roses

THAT WILL PRODUCE A MASS OF ROSES
TO CUT FROM THE ENTIRE SEASON . . .

Lady Dorothea, a new and beautiful Tea Rose, which will be valuable alike for forcing, for winter flowers, and outdoor bedding in summer. The color is a deep saffron with very rich shades of orange and chrome yellow in the centre.

Etoile de Lyon, best yellow summer bedding rose yet introduced, rich in color, of beautiful form; a strong grower and very free-flowering.

Hermosa, undoubtedly the best pink bedding rose.

Kaiserin Augusta Victoria, one of the most desirable white roses for summer bedding; large flowers, produced in great profusion; a strong, healthy grower, with large foliage.

Bridesmaid, clear, bright pink, deeper color than *Mermet*.

The Bride, white, very full and double.

Souv. de Wootton, red, strong grower, very free bloomer, with exquisite perfume.

Perle de Jardines, best yellow in cultivation; strong grower.

Sunset, rich golden amber, very free flowering.

Meteor, brilliant red; needs high temperature to grow it well.

Madame Hoste, light canary yellow; large, perfect shaped buds.

Clothilde Soupert, pearly white, shaded at the centre with silvery rose, and are produced in the greatest profusion. Is equally valuable for outdoor planting or pot culture. 10c. EACH, \$1.00 PER DOZ.

Hardy Hybrid Perpetual Roses

We offer a splendid stock of extra fine, large, two-year-old low-budded plants, strong and vigorous, with plenty of healthy roots. Our facilities for handling these dormant roses are exceptionally good, we can keep them cool and dormant late in the season. We take special pains in packing so that they may be sent any distance in safety. These roses must not be confounded with the dried up stock sold by dealers and storekeepers. We sell a great many every year, and by careful attention to handling and packing, invariably find our customers pleased and successful with the stock we send them.

ALF. COLOMB, one of the very finest of its class; color, clear cherry red.

BARONESS ROTHSCHILD. A magnificent rose; clear, rich, satiny pink.

CAPT. HAYWOOD, bright crimson scarlet, perfect form.

HARDY GARDEN ROSE.

GEN. JACQUEMINOT, brilliant scarlet crimson, rich and velvety.

GEN. WASHINGTON, very full crimson, free flowering.

GLORIE DE DYON, salmon color.

GLORIE DE MARGOTTIN, dazzling scarlet.

LOUIS VAN HOUTTE, dark velvety crimson, good form.

MME. GABRIEL LUIZET, fine satiny rose, very fine.

MAGNA CHARTA, bright pink, beautiful rose, strong vigorous grower.

PAUL NEYRON, very large dark rose, an old favorite.

PERLE DES BLANCHES, pure white, very fine.

ULRICH BRUNNER, bright cerise, rich flowers, large and full.

Single Plants by Mail, only 25c., by Express, \$2.50 per doz.

MOSS ROSES

Blanche Moreau (white), **Crested Moss** (red), **Glory of Mosses** (rose). Price, 25 cts. each, \$2.50 per doz.

TENDER CLIMBING or PILLAR ROSES

These are not hardy in this latitude, except in favored positions, or with protection; especially adapted to covering rafters, etc., in greenhouses.

Gloire de Dijon, blush and yellow. Nice young plants, 15 cts.

Lamarque, creamy white. Nice young plants, 15 cts.

Marechal Niel, a superb climbing rose, which for fragrance, beauty, and size, is still without a rival; bright golden yellow. First size, strong, 30 cts.; young plants, 15 cts.

HARDY CLIMBING ROSES

CRIMSON RAMBLER, **PINK RAMBLER**, **YELLOW RAMBLER**, and **WHITE RAMBLER**. (For description see *Novelties*.)

BALTIMORE BELLE, blush flowers in clusters. Large size, 25 cts.

PRAIRIE QUEEN, deep rose, hardy and desirable. Large size, 25 cts.

Two Old Favorites for Cemetery Planting

The best stock ever offered for the money.—Note the prices, 25 cts. each; 6 for \$1.25; \$2.50 per doz.

Hybrid China, **Mad. Plantier**, a perfectly hardy, pure white rose; the plant grows in a very fine bushy form, and produces flowers in great abundance in June; a most desirable rose for cemetery planting. Strong out-door grown dormant plants.

Persian Yellow, perfectly hardy; flowers double and full deep golden yellow in color; blooms very freely in June. Strong plants.

REMEMBER we send ROSES at the above prices FREE by mail.

SPECIAL OFFER OF ROSES

In addition to those named above we have a large number of Roses for which we have no space for description. We can offer bargains in these:

12 Ever-blooming Tea Roses, our selection, for only 50 cts., by mail.

3 Large Hardy Garden Roses, our selection, for 50 cts., by mail.

Pansies, Petunias, ...and Verbenas

We make a specialty of these three unrivalled bedding plants, and grow them in very large quantities, from the very best strains procurable of each.

DOUBLE PETUNIA.

PANSIES. Plants we offer are grown from our own choice strains of seed, and for size of bloom and richness of color cannot be excelled. Strong plants, 5 cts. each; 50 cts. per doz.; \$3.00 per 100.

PETUNIAS. For a long time we have made a specialty of these plants, and our strain is much superior to any that is grown in this vicinity. Plants we offer are from our own home-grown seed. Single, large flowers, from pots, 10 cts. each, 75 cts. per dozen; double, from pots, 10 cts. each, \$1.00 per 100.

VERBENAS. We grow these in large quantities, also from our selected home-grown mammoth strain seed. Plants in bloom, from small pots, 5 cts. each; 50 cts. per doz.; \$4.00 per 100.

Vase and Basket Plants

Of these we grow large quantities, suitable for urns, baskets, and vases. We have a fine collection, including all the favorite varieties generally used for this purpose. 10 cts. each. Named, in variety, 3 for 25 cts.; 75 cts. per doz. Unnamed, 25 for \$1.00.

VIOLETS

Marie Louise, deep violet blue, very fragrant. 5 cts. each.

Swanley White, large double white. 10 cts. each.

The California, most robust grower of all Violets; flowers single, very large; color dark purple, and fragrance perfect; free from disease. 5 cts. each.

...MISCELLANEOUS BULBS AND ROOTS...

SUMMER-FLOWERING BULBS.

We make a specialty of these and can supply them in large quantities if desired. Special prices on application.

Tuberous-rooted Begonias are among the handsomest and most popular of our summer-flowering bulbs, both for planting in the open border and for growing in pots. Nothing can excel the gorgeousness of their effect.

Note the reduction in prices, which are as low as is consistent with good quality. We offer but one quality, and that is the best.

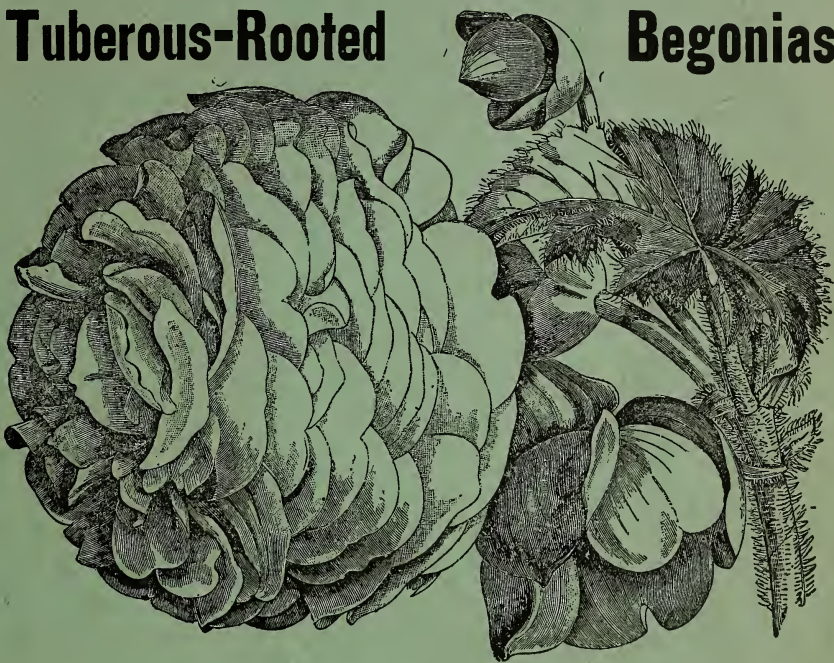

Single Varieties in Separate Colors. Crimson, scarlet, white, rose, yellow, and orange. 10c. each, 75c. doz.

Single Varieties in Choice Mixtures. 8c. each, 50c. doz.

Tuberous-Rooted Begonias

DOUBLE TUBEROUS BEGONIA.

Caladium Esculentum

One of the most beautiful and striking ornamental foliage plants, either for pots or planting upon lawns. Grows in any good garden soil, of easy culture; when of full size it stands 5 feet high, with immense leaves 4 feet in length by 2½ feet in breadth. Large bulbs, 25c.; medium, 15c.; small, 10c.

Caladiums—Fancy Leaf

These are becoming more popular every year. Everybody should have some.

Nothing can equal the variety and gorgeous coloring of these ornamental leaved plants when grown on verandahs or in situations partially shaded. They are easily grown, thriving in pots or boxes in the house or in shaded situations out of doors. They should be started into growth about April 1st, requiring strong bottom heat. Choice fancy varieties, 25c. each; medium size, 15c. each.

CALADIUM LEAF.

BLACK CALLA.

... CALLAS ...

Black (Arum Sanctumi). Flowers of a rich dark purple color, over a foot in length, and four to six inches across. (See cut). 15c. each.

Spotted (Richardia Alba Maculata). Leaves deep green with numerous white spots, which give the plant a very ornamental appearance. Grows freely indoors or out. 10c. each.

White (Richardia Æthiopical). The White Calla or Lily of the Nile, is a well known plant of easy culture, and in winter is one of our best window plants. 10c. to 25c. each.

CANNAS....

(DORMANT ROOTS).

The Best Giant Orchid Flowered Cannas

Growth very strong, with handsome large musa-like foliage. The flowers are distinct in shape from all other Cannas, having a short throat and spread out into a flat bloom 6 to 7 inches across.

Austria. Remarkable for its sturdy, rank growth. Deep green musa-like foliage, surmounted by tall spikes of golden yellow flowers. 10c. each, \$1.00 per doz.

Italia. Bright orange scarlet, with a very broad golden yellow border; a beautiful large flower, with nicely ruffled petals. It is a remarkably strong grower. 15c. each, \$1.50 per doz.

New Burbank. Plant a very strong grower, five to six feet high, with leaves of a texture like rubber; flowers of gigantic size. Color, rich canary with a few carmine spots in throat. 15c. each, \$1.50 per doz.

Allemania. 4½ feet. *The gigantic flowering Canna.* Exceptionally large flowers, frequently measuring 6½ inches across. Scarlet with broad border and markings of golden yellow; foliage dark green. 15c. each, \$1.50 per doz.

Set of Large Flowered Dwarf Cannas

After testing all the leading Cannas now offered, we find the following varieties to be the most desirable for all purposes; they are quite distinct and very free flowering:

Papa. Grows about three feet high, with immense spikes of flowers of giant size and of fine form.

Alphonse Bouvier. One of the grandest of all Cannas for outdoor bedding. A very luxuriant grower. Crimson flowers of the very largest size, nothing can exceed their brilliancy.

ALLEMANIA.

Florence Vaughan. The finest yellow-spotted Canna. Flowers very large, of the most perfect form. Color, bright golden yellow, spotted with bright red.

President McKinley. 3 feet. *The king of crimson headers.* Brilliant crimson with bright scarlet shadings; truss large, compact, good shape, and held well above foliage; deep green leaves with marked chocolate margin. One of the earliest bloomers. 15c. each, \$1.50 per doz.

Madam Crozy. Flowers of a dazzling crimson scarlet bordered with golden yellow. The plant is of vigorous growth, four feet in height. The foliage is of rich green.

Queen Charlotte. A grand Canna. The centre of the petal is of beautiful blood red, and edge of petal to the depth of half-inch purest, brightest canary yellow.

J. C. Vaughan. Deep orange-scarlet, large truss, bronzy purple foliage. 4½ feet. 15c. each, \$1.50 per doz.

...GLADIOLUS...

GLADIOLUS.

The most attractive of all summer flowering bulbs are the Gladioli. Wonderful improvements have been made in recent years in the size and beauty of these flowers. Their cultivation is very simple, as they will thrive in any ordinary garden soil, but amply repay care and liberal feeding by enhanced size and beauty. They are very effective when planted among roses.

Our mixed Gladiolus are very fine indeed, being composed of choice varieties only.

GERANIUMS

In selecting the Geraniums we offer, we have tried to pick the brightest and best colors, combined with the most shapely and thrifty growers, and those most suitable for window garden and bedding in open ground.

THREE GRAND NEW GERANIUMS, Decidedly the best in their class.

JEAN VIAUD—The finest double pink variety we have ever seen; will rank with the best bedders of any color, if it does not prove the leader of them all; color, soft pure pink with two white blotches; large trusses of perfect form; the best new geranium offered. Price, 25c. each.

ANDREW LANG—This is the finest variety of the fancy geraniums yet introduced. The color is a glowing scarlet with pure white blotches on upper petals. The individual floweret is perfect form, and the truss of immense size. This is the best variety of its class to date. It surpasses all in vivid coloring. Price, 25c. each.

AMERICA (Lilliputian)—An ideal geranium for pot culture and bedding. On opening the flowers are white with salmon centre; once open they shade through all salmon and rose tints, until they become deep, pure rose when fully open. As all color shadings appear at one time on each truss, the effect is unequaled in this class of geraniums. The trusses are as large as Mrs. E. G. Hill, under good culture. Price, 25c. each.

BEST DOUBLE FLOWERING

Hetheranthe—We consider this the best bedding geranium of all. Color of the flower is a bright vermilion of most pleasing shade.

La Favorite—The finest double white geranium for bedding or cemetery planting, and unquestionably the best double white geranium grown.

Adrienne Correts—Immense spherical trusses of brilliant crimson, a continuous free blooming variety of great merit, quite distinct and one of the best bedders ever introduced.

Mrs. Mayes—After the general style of the grand variety Gloire Lyonnaise; light salmon shaded cream; flower pips nearly three inches across.

Francis Perkins—The finest bright pink bedding geranium. A strong, vigorous grower and prolific bloomer; color, a clear bright pink. It stands the sun admirably.

Ingenieur Parlier—Extra fine, large, double flower, on stout stems. Individual flowers often two inches across; color, deep, rich crimson, the best and brightest of the dark colored geraniums.

Centaur—Carries the largest and most perfect truss of any of the pink doubles. A most glorious bedding variety, of good, compact growth.

10c. each. \$1.00 per dozen.

SPECIAL OFFER—Four named varieties, our selection, for only 25c.

BEST SINGLE FLOWERING

Mrs. E. G. Hill—Distinct shade of salmon with light shading at the centre. Trusses are very large and composed of an immense number of florets. The finest salmon-flowered geranium to date.

Mrs. J. M. Gaar (Pure white)—Perfect bedding variety, never burns, of dwarf compact habit. Will stand in any park or cemetery in the country.

Mad. Bruant—Very showy and novel; centre of flower is white, veined with carmine lake, each petal regularly and distinctly bordered bright solferino. Excellent as a pot plant, being a continuous bloomer in summer and winter.

Granville—A lovely bright pink; pips round and solid. Very attractive by the mass of soft color it produces.

Memphis—Very large, dark scarlet.

10c. each. \$1.00 per dozen.

SILVER-LEAVED GERANIUMS

Mad. Saleroi—Very compact; very fine for massing or bordering, a thrifty, beautiful grower, rarely reaching a height of more than six inches.

Mrs. Parker—A remarkably free growing variety with beautiful double flowers. Foliage deep green with broad margins of pure white. Deep rosy pink flowers in abundance. 20c. each; 3 for 50c.

Mountain of Snow—A vigorous grower and abundant bloomer. The centre of the leaf is bright green, the outer margin broadly marked with silvery white. Flowers, bright scarlet. 10c. each; \$1.00 per doz.

Snow Storm—Dark green foliage distinctly margined with white, a robust grower, scarlet flowers. An elegant variety for bedding. 10c. each; \$1.00 per doz.

SCENTED GERANIUMS

Lady Plymouth—A very distinct variety. The foliage is finely cut, of bright green color with silver edge, a strong grower and fragrant. 10c. each.

Rose—The most fragrant of all. Too well known and popular to need any description. 10c. each.

BRONZE AND VARIEGATED LEAVES

Happy Thought—A tricolor geranium; yellow outer belt or margin, blotch in the centre of the leaf. 10c. ea.

Mrs. Pollock—One of the most beautiful golden tricolors, bronzy scarlet zone, golden edge, scarlet flowers. 15c. each.

Marechal McMahon—Golden yellow, dark chocolate zone. 10c. each

United Italy—The brightest and most beautiful of variegated-leaved geraniums, shaded silver and lake, very fine. 15c. each.

Crystal Palace Gem—Leaves yellow with green centre, scarlet flower. 10c. each.

IVY GERANIUMS

This class has thick, glossy, ivy-shaped leaves, and the plants are of a drooping habit. They are excellent for baskets, vases and house plants, and not undesirable for lawn beds. 10c. each; \$1.00 per doz.

MIXED GERANIUMS—Special Offer

We have a large quantity of geraniums not named in this list, they are strong, healthy plants, from 2½ inch pots, that will bloom at once. We grow the best varieties only. Just the thing for parties at a distance who desire a first-class bed of geraniums at low cost.

We will send to any address, postpaid, twelve (12) single and double mixed for only 65c., or 12 by express for 50c.; the same by the hundred at \$4.00.

Our Packets contain nearly twice as much as those put up by other dealers.

We send free by mail all Seeds priced by the Packet or Ounce. *Four cents per pound* must be added to those priced by the pound to prepay postage.

We call special attention to our choice strains of Asters, Cyclamen, Cineraria, Centaurea, Mignonette, Nasturtiums, Pansy, Petunia, Phlox, Stocks, Verbena, and Sweet Peas, which are acknowledged by leading growers to be superior in all respects.

NOTE.—As the prices of several articles listed are subject to change as the season advances, we will be pleased to quote lowest rates at any time on any article offered lower by any other reliable firm.

THE "OUT-O'-SIGHT" TRAPS

Mice in the Pantry.

THE "OUT O' SIGHT" TRAP IS SURE TO CATCH 'EM. NO BAIT REQUIRED.

Will catch two mice to one of any other trap made in a given length of time.

Mouse trap, sent postpaid - 10 cents
 Rat trap, sent postpaid - 25 cents

FULL INSTRUCTIONS WITH EACH TRAP.

The secret of mouse and rat catching is simplicity of trap (nothing to scare) and the chief practical beauty of the "Out-o'-Sight" is its innocent appearance—nothing about its placid surface which tells a mouse or rat of its approaching danger. *Catching them coming or going*, with or without bait. Simply place the trap, when set, with pedal end against the wall where they come out from behind boxes, back of shelves, or in their runways. It never fails.
